EDUCATION

Sir John Adamson High School Scholar

2018 - 2023

WeThinkCode

Software Engineering Student

2024 - 2025

- Programming Fundamentals, Object-Oriented Programming, Brownfield Development, Web Development, DevOps, and Cloud Development. This program also equips me with vital soft skills necessary for teamwork and professional environments, guiding me on how to navigate the workplace and collaborate effectively with others.

FNB App Academy

Full Stack Development

2025 - 2025

- Covered JavaScript, React, GitHub, UX Design, and app development strategies.

IBM SkillsBuild

Introduction to Web Development

2025 - 2025

- This demonstrates knowledge of web development concepts, processes to develop, deploy, and test websites, and the tools and programming languages that web developers use. I have a conceptual understanding of how to develop an interactive website using HTML, CSS, and JavaScript in a simulated integrated development environment (IDE). I am aware of the job outlook in web development and is familiar with the skills required for success in various roles.
